E-news: Launch of our Facebook page, *Australia in Croatia* FINAL e-news edition

The Australian Embassy Zagreb officially launched its Facebook page on 28 January 2015.

Therefore we will no longer be issuing our e-news. We are sad to see e-news go into history, although happy to be a part of the digital age with our new Facebook page.

Australian Embassy Zagreb e-news was launched in August 2007. The topics we covered ranged from Forests and Climate change, Australian Initiatives, ANZAC Day, Sport in Australia, Education opportunities in Australia, International Womens Day, the Australian Economy, Visas and Australian Citizenship to Australia's Presidency of the G20.

We encourage you to 'like' our Facebook page *Australia in Croatia* and keep updated with news, hot topics and developments on a more regular basis.
